WITH DEEPEST

Dugan; a brother, Thomas Butting; three grandchildren, James Dugan, Eric Dugan, and Brianna Dugan; and a great-granddaughter, Sadie Dugan. He was preceded by a brother, William Butting. Sandy worked at Carpenter Steel for 29 years, retiring in 2001. He served in the U.S. Navy from 1958-1962. A service was held on Wednesday, February 8, at Lamm and Witman Funeral Home, Wernersville, with Rev. Gary Rarick officiating. Sandy is buried in St. John's Hain's Church Cemetery.

PADDLING THROUGH LENT—AND LIFE

Lent is a time for restoring balance to our lives. The Eskimos practice balance as they venture into freezing Arctic waters in little boats. If you've ever paddled a kayak, you know how easy they are to tip. Thankfully, kayaks are just as easy to turn back upright. That isn't a bad image for Lent — or for life as a whole. Whatever spiritual disciplines we adopt, if we succumb to temptation, it's no biggie. One of the lessons of Lent is that, as long as we're traveling light, it takes only a quick twist of the paddle to right us. That paddle twist might take the form of a quick but heartfelt prayer: "Jesus, set me straight again!" Or it might mean some extra time set aside for quiet meditation with God. Don't get worried if your spiritual discipline fails now and then. Just let Jesus help you get upright once more, and keep paddling!

CONSIDER PERCENTAGE-BASIS GIVING

No matter how or what amount you give to your congregation, thank you! Your offerings sustain important ministries, and there is no such thing as an inappropriate or inadequate offering.

But if you are among the many who give regularly on a “lump sum” basis, consider giving on a percentage basis instead.

The “lump sum” basis is when donors give a fixed amount – say, \$50 a week – to the church, regardless of what percentage it represents in their annual income. The advantage of lump sum giving is that it’s simple to calculate and keep track of. But lump sum giving reveals little about the generosity behind the gift. For a poorer family, \$50 a week may be significant, whereas it could be a pittance for a wealthy family.

Since the Bible lifts up the principles of sacrificial giving as well as tithing, giving by percentage provides a better measure for giving. Once a family has calculated their gift as a percentage of income, it’s easier to track it and, over time, build up to a tithe. Here’s how to get started with percentage giving:

- Calculate your regular offering over the course of the year.
- Divide the total yearly offering by your total annual income. This will give you a figure.
- Multiply that figure by 100 to determine your percentage giving.

When planning your offering, consider increasing it by 1 percent a year. If you do, in less than 10 years you will be tithing. However you give, thank you for supporting God’s ministries.

YOUR GIVING MATTERS!

A GOD WITH SCARS

If anyone has ever asked you why a loving God allows suffering, you’ve probably developed a theodicy. That’s a fancy word for defending belief in divine goodness despite evil’s existence. Theologians who tackle this profound mystery note that God himself wasn’t spared from pain. Despite his sinlessness as true God, Jesus endured crucifixion as true man.

As proof of that sacrifice, his body was scarred.

Those marks feature in a poem by English pastor Edward Shillito. Seeing wounded combatants return from World War I, he wondered how the Gospel could seem like good news to them. When Shillito realized that Christianity alone features a God who suffered, he wrote “Jesus of the Scars” to offer comfort and hope. The poem concludes:

The other gods were strong; but thou wast weak;
They rode, but thou didst stumble to a throne;
But to our wounds only God’s wounds speak;
And not a god has wounds, but thou alone.

Love for the Least

.....

The Global Missions Team at the Lutheran Church of the Holy Spirit, Emmaus, PA, led an advent appeal this past holiday season to support the neonatal intensive care unit (NICU) at Arusha Lutheran Medical Center in Tanzania, which was established by ELCA medical missionary Dr. Mark Jacobson, and also had the opportunity to lead the church's worship services on their annual Global Missions Sunday, held this year on January 22, 2023, to share about this ministry with those in attendance.

When a baby is born prematurely in Tanzania, it is considered as good as dead. Premature babies there are often referred to as 'stillbirths.' This was not acceptable to the staff of Arusha Lutheran Medical Center. Fifteen years ago they began to offer neonatal intensive care, and pediatrician Dr. Steve Swanson joined the program in 2011. Initially they were only able to save 4% of the babies. Today they serve almost 400 babies annually, and the survival rate in 2022 was 92%.

The care at the Arusha Lutheran Medical Center NICU is the best in Tanzania, and in most of East Africa. No baby is turned away because of inability to pay or insurance status. The five doctors and 26 nurses who staff the NICU do not just care for the tiny infants, but for the parents as well. A hospital bed and meals are provided to every mother with a baby in the NICU and both parents are encouraged and coached on how to interact with their babies.

Lutheran Church of the Holy Spirit raised \$3,785 from their Love for the Least appeal to be directed to the Arusha Lutheran Medical Center NICU in Tanzania, and 175 premie knit or crochet hats were lovingly crafted for the NICU infants, which they hope to send to Tanzania. These hats can save lives by helping to keep the babies warm.
